Hunting Lucky Star Ranch

Lucky Star Ranch is a 2000 acre high fenced managed game farm. Since 2005 Quality Deer Management practices have been in place. We have over 70 acres of food plots located around the property as well as vast areas of natural cover and browse. The deer on Lucky Star Ranch are free roaming and hunted fair chase. Our current buck to doe ratio is 1 buck to 1.7 does. We are opening the Ranch for white tail deer hunting for the first time in 2011. We have many aged bucks that are trophy class.

To keep the quality of the experience beyond your expectations the hunting is limited to 2 hunting parties on the property. Each hunter is allowed to bring one observer (at additional charge) to take pictures or video your hunt. During off time we have unlimited trophy bass fishing. If the season is

open we can put together a combo hunt for turkeys and waterfowl (license required).

Accommodations are first class with private bedrooms and bathrooms.

Email us for additional information and book your hunt.
